## **iLevel Now Distributing Rosboro X-Beam™ in Select Western U.S. Markets**

**Federal Way, Wash., January 27, 2011** – iLevel by Weyerhaeuser distribution centers serving California, Colorado, Oregon and Utah are now offering the Rosboro X-Beam™ – the only full framing-width stock glulam in an architectural appearance. Rosboro X-Beam includes 3 ½” and 5 ½” beams, columns and I-joist compatible depths.

[www.iLevel.com](http://www.iLevel.com)

iLevel is a full-service distributor of structural framing materials for homes, multi-family and light construction, and also offers siding and trim, insulation and housewrap, concrete forming and reinforcing steel products, and other building materials. It is one of the nation’s largest building material distributors, serving customers through 27 distribution centers.
