iLevel by Weyerhaeuser Now Offering Steel and Concrete Forming Products Across the U.S.

Company Expands Range of Construction Materials for Residential & Commercial Builders

FEDERAL WAY, Wash., July 22, 2010 – Building material dealers and residential and commercial builders now have easy access to a wider range of construction materials with iLevel by Weyerhaeuser’s expanded distribution of steel and concrete forming products. iLevel has begun offering through its nationwide network of distribution centers TimberStrand® LSL form board, along with rebar, remesh, wire and steel construction stakes. These items complement iLevel’s distribution of numerous other structural and finishing materials, including its own specialty lumber and engineered wood products; Weyerhaeuser CedarOne® decking, siding and trim; third-party manufactured siding, trim and fascia; insulation and housewrap; plywood and other related products. www.ilevel.com

iLevel steel and concrete forming products include:

- **TimberStrand® LSL Concrete Edge Form:** Engineered lumber that resists twisting, bowing and shrinking and has excellent holding ability for fasteners. Well suited for forming non-elevated sidewalks, driveways and other ground-level slabs. Available in standard lengths up to 20 feet, and up to 36 feet by special request.
- **Rebar:** Manufactured to ASTM A-615 standards. Available in lengths from 20 to 60 feet, along with rebar cut into one to 10-foot lengths.

- **Remesh:** Manufactured to ASTM A-185-94 standards. Available in roll, sheet or mini-mats in multiple lengths, sizes and gauges.
- **Wire:** Tie wire, black and galvanized annealed wire in a variety of gauges.
- **Construction stakes:** High-tensile steel in round, square or flat lengths of one to four feet.
- **Other related products:** Plywood and MDO forming panels, Microllam® LVL scaffold plank, and wood stakes.

“Our goal is to make it fast and simple for dealers and builders to get the construction materials they need, from a single source,” says Jim Schott, Director of Specialty Products for iLevel by Weyerhaeuser. “In addition to distributing a wide range of quality steel and concrete forming products, our technical representatives are available to assist with component selection, transportation to multiple job sites upon request and just-in-time delivery.”

For more information on iLevel steel and concrete forming products, along with iLevel’s other distributed products, visit www.iLevel.com or call (888) 453-8358.

About iLevel by Weyerhaeuser

iLevel is Weyerhaeuser’s integrated residential, multi-family and light construction framing business providing seamless, unified building solutions. By offering the most comprehensive and innovative collection of proven structural framing materials, technical support and software in the building industry, and the means to distribute them efficiently, iLevel is leading the structural frame market and helping builders and dealers succeed in today’s challenging business environment. www.ilevel.com.

About Weyerhaeuser

Weyerhaeuser Company, one of the world’s largest forest products companies, began operations in 1900. We grow and harvest trees, build homes and make a range of forest products essential to everyday lives. We manage our timberland on a sustainable basis in compliance with

internationally recognized forestry standards. At the end of 2009, we employed approximately 14,900 employees in 10 countries. We have customers worldwide and generated \$5.5 billion in sales in 2009. Our stock trades on the New York Stock exchange under the symbol WY.
